

Thank you for downloading this free resource!

We're delighted you chose this printable resource from Naturally Effective Behavior LLC.

We suggest printing it and filling it out, then placing a copy somewhere accessible in your home and also in your car, for easy use in an emergency.

At home, have your emergency information and emergency contacts somewhere easy to grab in case of emergency. Be sure that all family members know where it is. In homes with young or shy children, or for those with challenges speaking under pressure, this is an easy way to make sure that emergency services can be presented with full information even if verbal communication isn't an option.

In the car, complete the information you feel is necessary (don't include your social security number or any other information that makes you uncomfortable) and store your emergency printouts in the glove compartment. In case of an accident, EMTs or other first responders are sure to find your information and know who you are and what you need.

This packet includes:

- a printable Emergency Information sheet (print 1 for each family member)
- a printable Emergency Contact sheet (print as many as needed)
- a printable, customizable sheet informing first responders of communication/behavioral concern within the house (print, complete, and keep with your emergency paperwork)

You are welcome to print this document to use as many times as you wish for personal use. **You may not** sell, duplicate, or otherwise distribute any portion of this document without express written permission from Naturally Effective Behavior LLC.

NOTES, OR OTHER IMPORTANT INFORMATION

Attention emergency responder

Thank you for your prompt response to our family in our time of need.

We have a family member with specific needs that we want to make sure you know about, as we may not be available or in a frame of mind to communicate this clearly during an emergency.

Name _____

Birthdate _____
